Subject: ICT Support from Nottinghamshire's finest

Atom IT

**Onsite ICT Support from a trusted
Primary School provider**

NCC will no longer be offering ICT support to schools as of April 1st 2018.

In light of this development, we'd like to remind you that Atom IT currently support 120 Primary schools in Nottinghamshire, and have never lost a school in our 5 years of operation (we did lose 2, but they've come back to us after 2 months with another company).

We'll come out to see you within the next 2 weeks, and you'll have an extremely competitive quote the very next day.

Our ICT Support packages offer a more complete solution - we don't farm our core business out to other organisations. We look after Windows, Apple and Chrome devices, and all manner of network infrastructure setups.

Our ICT Support includes:

Scheduled Visit (Monthly, Fortnightly, Weekly - term time only)

Critical Care (Emergency call-out with 4 working hour response for critical systems)

On-site break/fix repairs of devices (laptops/desktops - parts not included)

Remote Monitoring and Maintenance

Ad-hoc assistance (non-scheduled visits for minor issues or help - dependent on availability)

Additional work, such as new server installations, network installations or Staff Laptop refreshes, are carried out at very competitive daily rates (£350 per day).

**Sounds interesting? Call 0115 727 0392, or email
gary@atomit.co.uk now**

Safer Internet

Flexible web-filtering to KCSIE standards, and data protection with secure connections allowing staff to work from home.
